

## ENGAGEMENT OF INTEREST

Prominent Business Man of this City Will Wed Louisville Girl This Month.

Many friends here were agreeably surprised to read the following announcement appearing in Sunday's Courier-Journal:

"Mrs. J. W. Davis announces the engagement of her daughter, Miss Mary Pratt Davis, to Mr. James Yates Rogers, of Mt. Sterling.

The wedding will take place June 22nd."

Mr. Rogers is one of our most prominent young business men and has for many years been a leader in church work, being at the present time Superintendent of the Methodist Sunday School and is deservedly popular.

Miss Davis, while known to but few of our people, is said to be a most charming lady. The Advocate extends pre-nuptial felicitations.

### FORMERLY LIVED HERE

We are in receipt of the following announcement which will be of interest to many of our readers:

"Dr. and Mrs. W. J. Bolin have given in marriage their daughter, Mamie Carlton, to Mr. William Matthew King, Thursday, May the twenty-fifth, nineteen hundred and sixteen, Knoxville, Tennessee. At home after June fifteenth, Decatur, Illinois."

Dr. Bolin was a former pastor of the Mt. Sterling Baptist church and Miss Mamie will be remembered as the bright little school-girl and later, when visiting here, as the charming Miss Bolin. Best wishes of her host of friends attend her.

### RESIGNS FROM BOARD

Dr. W. R. Thompson who has been connected with the Montgomery County Fair for several years, has resigned from the Board of Directors. Dr. Thompson's many other duties prevent him from giving sufficient time to the fair business.

### NO SERVICE ON ACCOUNT OF COMMENCEMENT

The usual prayer-meeting services at the Presbyterian church will be omitted Wednesday evening on account of the High School Commencement exercises.

Trade at Vannorsdell's and get Pony Votes.

### BACCALAUREATE SERMON

Rev. E. L. Southgate preached the Baccalaureate sermon to the members of the Mt. Sterling High School graduating class at the Methodist church Sunday evening. A large crowd was in attendance and the scholarly and inimitable talk of Rev. Southgate was highly enjoyed. The conventional caps and gowns were worn by the graduates.

The Grammar School Commencement exercises will be held tonight; High School Class Day exercises Wednesday morning and the High School Commencement Wednesday night. All of the exercises will be held in the High School Auditorium and a most excellent program has been arranged, which appeared in our last issue. This is the largest class ever graduated from the local school, there being twenty-six graduates.

### WILL ASK COMBS

#### TO FREE YOUTSEY?

When Senator Thomas A. Combs, of Lexington, was asked Monday afternoon if he had any intention of pardoning Henry Youtsey, serving a life sentence for the assassination of Governor William Goebel, when he becomes Governor pro tem, and if he would do so if asked, said:

"I am not acting Governor yet, and, like Abe Lincoln, I don't cross Fox river until I get to it. I can say this: That when I am acting Governor, petitions of any kind brought before me will receive the consideration that they deserve."

The tip comes from Louisville that a move is on foot to present a petition to Senator Combs, when he becomes acting Governor next week, looking to the pardon of the noted State prisoner.

### FOR CAMP DANIEL BOONE

The following Mt. Sterling boys will join the campers of the State Y. M. C. A. at Camp Daniel Boone June 15th: George Yeaman, Allen Prewitt, Reid Prewitt, Asa Eubank, Wm. Thompson, Geo. Hamilton, Ben Turner, Franklin Reynolds, Alex Chiles, and Burwell Bourne. Prof. W. C. Jetton will accompany the boys.

### SPELLING BATTLE

The Y. W. A., of the Baptist church will give an old-fashioned spelling battle at the Court House Monday evening, June 12th at 7:30 o'clock. Admission 25 cents. Cake and cream will be served. Everyone should help this worthy cause.

## CONTESTANTS VERY BUSY

Large Number of Children Entered in Progressive Merchants' Pony Contest.

As will be seen by the following list a large number of children have been entered in the merchants' pony contest and quite a number of them are busy asking their friends to patronize the merchants who are interested in the contest and all seem well pleased with the progress the contest has made so far and with the results obtained.

Our readers should bear in mind that with each dollar paid on subscription you are entitled to 500 votes. Come in and settle your subscription and help your favorite.

#### List of Contestants.

### MRS. HISLE DIES IN CLARK

Mrs. Sarah Jane Hisle, aged 86 years, wife of Mr. George Hisle, died at her home at Indian Fields, Clark county, Friday morning at an early hour following a protracted illness of complications and old age. Mrs. Hisle was twice married, her first husband being Mr. Henry Bruner, and she is survived by several children by the former marriage. She was the daughter of William Huls, of Montgomery county, and Polly Hester Huls, of Bourbon county. The funeral services were held from her late home Saturday afternoon conducted by Rev. George Boswell, of Winchester. The burial took place in the family burying ground at Indian Fields.

Mrs. Hisle is also survived by four sisters, Mrs. Amanda J. Reid, and Mrs. Nannie Baum, of this city; Mrs. Mary Kidd, of Lexington, and Mrs. Henrietta Taylor, of Campbellburg, all of whom have the sympathy of their many friends here. Mrs. Amanda Reid, Mrs. H. P. Reid and daughter, Elizabeth, and Mrs. Baum attended the funeral.

### BOY HAS NARROW ESCAPE

While attempting to get out of the way of an automobile James Moss, son of Mr. and Mrs. Ray Moss, of near Camargo, pulled his horse into a fence and was thrown violently to the ground, sustaining painful but not serious injuries Friday night. The horse had one leg broken and had to be destroyed. The animal was valued at \$200. The boy's escape is considered remarkable.

### JAMES FOR CHAIRMAN

President Wilson has approved the tentative selection of Senator Ollie M. James as the permanent chairman of the Democratic National Convention, and this means that the Kentuckian will be named by the convention.

## IMPROVEMENTS CONTEMPLATED

Mt. Sterling Garage Changes Ownership and Extensive Improvements May Be Made.

The Mt. Sterling Garage, owned by Stone & Flora, has been purchased by the owners of the building, Chenault & Orear. Mr. William Smathers and Mr. Terry Flora will be in charge of the business. Mr. Stone has not yet decided in what business he will engage but his many friends hope he will determine to remain in this city.

The new owners are planning a number of improvements in the business and may possibly extend the building to fill up the space between the office of the Kentucky Utilities Co. and the Advocate Publishing Co. This space will be used as an office, sales and supply room and when completed will add greatly to this already modern garage.

### KELLY CASE REVERSED

The \$19,000 verdict recovered by Mrs. Addie Kelly, as Adminr. of M. S. Kelly, against the Chesapeake & Ohio R. R. Co. some months ago in the Montgomery Circuit Court, was reversed in the Supreme Court of the United States and remanded here for re-trial because of errors in the instructions as shown by the following Washington dispatch:

"Reversing decisions of state courts in Kentucky and other states, the Supreme Court Monday held that juries should be instructed that in awarding damages under the Federal Employers' Liability law that 'fair cash value' of the damages suffered by beneficiaries of employees injured or killed, should be awarded, rather than a sum equal to the full amount of money the beneficiaries would have received during the period of dependency. The court set aside a \$19,000 verdict rendered in Montgomery county, Ky., in favor of Addie Kelly, widow of Matt Kelly, an engineer, killed while at work for the Chesapeake & Ohio Railway Company."

### HIGH SCHOOL ANNUAL

The 1916 Annual, the Purple and Gold, was placed on sale Wednesday, May 31st. These annuals are selling rapidly and there are only 16 more for sale. If you want one call the High School office and give your name. This is a beautiful book and you will be disappointed if you do not obtain one. Price \$1.50.

### FEDERALS WIN

The Federals, Mt. Sterling's Sunday baseball team, defeated the Reserves, of Lexington, at Riddell's park Sunday by the score of 6 to 5, thereby winning two out of three of the three game series. The game was an exciting one and was well played except in the second inning when the locals "went up in the air" and allowed the visitors 4 runs on 2 hits. The local team plays good ball and a large crowd was in attendance Sunday afternoon.

### ALUMNI, ATTENTION!

Those desiring to attend the Alumni Banquet of the Mt. Sterling High School to be given at Ringo's Hall, Thursday evening, June 8th, must make reservations before 10 o'clock, Thursday morning.

W. O. Hopper,  
Secretary.

### BUYS PAIGE CAR

Mrs. Lou Barnes has purchased a seven passenger Paige touring car. The Paige is said to be a most excellent car.

### LOOKS LIKE HUGHES

According to reports from Chicago, the Republicans will nominate Justice Hughes. Henry Brockinridge, writing for the Lexington Herald, says: "The pre-convention struggle is near completion. The big leaders may know their own purposes, under all contingencies, but do not disclose them. A few definite facts appeared, however. The Progressives will not stand for Root. One of the three most influential Progressives told me today his party would endorse Wilson if Root were nominated. They hold Root responsible for counting Roosevelt out in 1912 and will never forgive him. The best informed newspaper men say Roosevelt can not be nominated but can dictate the nomination of any one else. Lodge is busy writing the platform. Weeks is the most popular of the less prominent possibilities. Hughes looms biggest on the horizon but Roosevelt is regarded as a very uncertain powder magazine."

### HELD TO GRAND JURY

Before United States Commissioner W. Hoffman Wood, Saturday, James Henry Combs, of the Jeffersonville section, was tried on the charge of retailing liquors in violation of Section 3242-A, of the United States statutes, and was held to the grand jury which meets at Jackson September 18. He was granted bond in the sum of \$500, which he gave with Garrett D. Sullivan and A. J. Gatewood as sureties.

If you need a doctor you hunt a specialist. Why not so with your saddles and harness? See Courroy who has spent his life in the business. (49-21)

### MAKE TRIP FROM

#### FLORIDA IN AUTO

Mr. D. Bratton Sutton, accompanied by Mr. H. B. Hallen, arrived here from Bradenton, Fla., Monday afternoon, making the trip in Mr. Sutton's Buick roadster. They were on the road eight days, and report a delightful trip with the exception of some trouble they had with the machine. Mr. Sutton will be the guest of his parents, Mr. and Mrs. W. A. Sutton, for several weeks.

### RESTA WINS AUTO RACE

At Indianapolis, on Memorial Day, Dario Resta, famed racing auto driver, won the 300-mile race on the speedway in that city with ease. He averaged 84.05 miles per hour. William d'Alene, driving an American car, was second, and Ralph Mulford, driving a French car, was third. 84,000 people saw the race.

## BANKERS ARE MADE WELCOME

Annual Meeting of the Members of Federal Reserve Group No. 9 in Session.

Quite a number of the bankers and a large committee from the Business Men's Club met the trains today to welcome the bankers who are holding their annual meeting in this city.

The first session was held at the Tabb Theatre at 10:30 and the following programme was carried out:

Meeting called to order by President N. S. Callhoun, Secretary and Treasurer of the Union Trust and Savings Co., of Maysville.

Invocation, Rev. Clyde Darsie, of Christian church.

Welcome Address, Hon. John G. Winn, President Montgomery National Bank.

Response to Address of Welcome, President N. S. Callhoun.

Address, "Director or Directed," M. B. Mahm, President Kentucky Bankers' Association, of Bowling Green.

Dinner, 12:30 to 1:30 at Ringo's Hall.

#### Afternoon Session.

Report of Committees.

Election of Officers.

Address, "Crime, Criminals, Their Methods and Identification," illustrated by photographs reproduced on screen, Capt. Robert L. Dunning, Superintendent Police Bertillon Bureau, Cincinnati, Ohio.

General Discussion.

Adjournment.

Owing to the inclement weather the automobile trips and other outdoor entertainments provided for were dispensed with, however, other arrangements were made for their entertainment.

### WILL TRY AND INTEREST

#### OIL OPERATORS HERE

Believing that oil and probably natural gas can be found in large quantities in this county, Mr. John S. Frazer, the bustling Secretary of the Business Men's Club, will shortly make a trip to Irvine in Estill county and try to persuade some of the operators in that field to come to Montgomery county and look over the prospects.

A few wells were sunk here a number of years ago and small amounts of gas and oil found but for some reason further drilling was suspended, however, since the boom in Estill county some talk of interesting capitalists in the proposition has started.

## CLIPPINGS FROM THE SNAGTOWN TORCHLIGHT

George Rye, postmaster of Snagtown, ran short of stamps the forepart of the week and dispatched to Washington to send a carload of stamps—quick! Sam Blumenstiel will be in town Saturday, if it ain't ruinin' and he'll take \$6 worth.

In its editorial column the Plunkville Patriot has the following want ad: "Wanted, an editor who can read, write and argue politics, and at the same time be religious, funny, scientific and historical at will, write to please everybody, know everything without being told, always having something good to say about everybody else, live on wind and make more money than enemies. For such a man a good opening will be made (in the grave yard.)"

Miss Margaret Isley spent Tuesday afternoon in the White Sulphur Creek woods communing with nature. As usual, she did all the talking.

The Rattlesnake Ford Baptist church will hold a social next third Saturday night. A large crowd is expected to be present, as this is the celebration of the twenty-first anniversary of the congregation's attempt to pay off the church debt.

Sedrick Ellis complains that some of the girls of the Rye Straw section have been trying to use steam roller tactics on him, but he still stands as one of Cupid's uninstructed delegates.

Dr. J. W. Bush went fishing on Gander creek, went to sleep and let all of his fish worms crawl away.

The Plunkville Patriot this week reprints a poem by Miss Flutie Tadpole. The editor explains that though he added a footnote, it should not be construed as a kick.

George Bean, who left Peavine Ridge Tuesday night for Snagtown to buy a calf, and has not been heard from, and foul play is suspected, as he had about \$2 on his person.

The Wild Cat school teacher, in his regular Friday afternoon talk to his pupils, yesterday, told that while they had absorbed about all the knowledge in the school books, there was still a lot of loose knowledge about over the world that

they could pick up. Some of them showed surprise when the teacher, in his usual frank manner, admitted that there were yet a few things that even he himself did not know.

Young mocking-birds, warranted to sing, at low prices. I catches 'em a-comin' and u-gwine, and ships 'em anywhere I git a order from. They ain't no sweeter songs than what's in a mocking-bird. ### INFANT DIES

News has reached here of the death of James Manson Gillispie, the 11-month-old son of Mr. and Mrs. James C. Gillispie, of near Columbus, Miss. The mother was Miss Emma McCorraick, of Mt. Sterling.

The political pot keeps right on bubbling over and soon there will be nothing left but the nominees.

### PROBABLE INCREASE FOR RURAL ROUTE CARRIERS

It will be of interest to all rural carriers in Kentucky to learn that the Senate committee on postoffices and postroads has just voted into the postoffice appropriation bill a provision under which each of the 42,000 rural mail carriers in the United States will receive the \$100 increase in salary which they failed to get last year because of the inability of Congress to agree on the postoffice bill. If this action stands the \$100 will be a permanent addition to each carrier's salary.

There are times, though, when our wise men are just as foolish as the rest of us.

### Lecturer For the Closing Day of Chautauqua

DR. E. T. HAGERMAN.

DR. E. T. HAGERMAN, who is to lecture here on the last day of the Chautauqua, has occupied the leading pulpit of his denomination in each of six cities. He went from the First Methodist Church of Des Moines to the First Church in Milwaukee, the largest Methodist church in the state of Wisconsin. He has never been troubled with empty pews.

Dr. Hagerman has the gift of putting fundamental truths very simply. He discusses problems in the language of the people. His congregations were notable for the large number of men who attended.

He has also been in much demand as an after dinner speaker. Only men who can interest and entertain are called on repeatedly for after dinner speeches.

As a lecturer Dr. Hagerman is not of the dramatic, explosive style, but a speaker who grows on his audiences the longer he talks. He is a genius in word painting, and his thoughts are emphasized by natural, wholesome wit.

Most of us have got to learn that contentment and not worldly wealth brings happiness.

#### EXPORTERS SOLD

Mr. W. A. Thomason, the well-known Bourbon stock dealer, who has made large purchases of fat cattle in Bourbon and adjoining counties recently, has closed a trade with Messrs. Arthur B. Hancock and John Woodford, in which Mr. Thomason secures 195 head of fat cattle for which he pays a total of more than \$26,000. Mr. Hancock's bunch of cattle consist of 160 head of export heeves, which should average around 1,500 pounds, for which he received about \$9.35 per hundred pounds, or a total of \$21,000. Mr. Woodford's sale to Mr. Thomason comprised 35 head of export cattle weighing around 1,500 pounds each, and brought about the same price per hundred pounds as the Hancock cattle.—Bourbon News.

#### TRUTH TERSELY TOLD

The State Supervisor of rural schools said the greatest obstacle to overcome was the idea of little schools. Some want a little house on a little ground, with a little equipment and a little attendance from a little district having little ideas of education, little relations, history, traditions and policy, where a teacher with little education, training and experience for a little part of his life at a little salary during a little annual term, teaches little children little things in a little way.—Morehead Mountaineer.

Dr. Triplett was very much surprised when shown the article and stated that he had never heard of Miss Gibson.

## A GOOD FRIEND

A good friend stands by you when in need. Mt. Sterling people tell how Don's Kidney Pills have stood the test. Mrs. Trimble endorsed Don's over three years ago and again confirms the story. Could you ask for more convincing testimony?

Mrs. N. Trimble, 17 Jamison St., Mt. Sterling, says: "The worst trouble I had was with my kidneys. Their action was irregular and the kidney secretions were unnatural. Finally, I began using Don's Kidney Pills, procured at Duerson's Drug Store, and I soon felt better. I continued taking them until I was well."

OVER THREE YEARS LATER, Mrs. Trimble said: "All I said in praise of Don's Kidney Pills before holds good."

## HOME-MADE PHILOSOPHY

Habits formed in youth go with dogs through life. Men often outlive early mistakes.

After all human society is but a large herd of animals—and a majority are not even good animals.

It's but a step from philosophy to the horse laugh, and what passes for wisdom is often sophistry painted to look wise.

Economical people are always eating their defeeted apples first; that is why they have perfect apples to eat later in life.

So many people speak of the fleetness of the present season that I fear many have discovered the breath-like length of life.

The protection of a great nation lies in the honesty of her people; in the small nation safety lies in her natural poverty.

It's a nice poetical declaration of patriotic principles to declare that our flag stands for liberty and freedom, but the corporations and trusts go to the courts for all that.

There wouldn't be near so many divorces were it not for the large supply of bachelors, old maids and widows. The supply of raw material weakens the matrimonial market.

A successful fool doesn't realize that he is one.

A woman hasn't time to pretend she is seasick.

When a man falls in love he seldom lands on his feet.

There is nobody so easy for a woman to fool as herself.

A doctor's pills may cure some ills—but not ill humor.

However, kissing isn't always what it is snacked up to be.

Nothing so effectually cures a man of the flattery habit as marriage.

White lies require whitewashing to keep them from turning black.

One-half of the world is kept busy trying to find out how the other half lives.

It may be what people don't know about a popular man that makes him popular.

No matter what a man has done, the world soon forgets him unless he keeps right on doing.

—OF—

**Montgomery County BLUE GRASS FARM**

**Samuel Greenwade Farm on Slate Creek**

As Executor of Samuel Greenwade's will, the undersigned, C. F. Thomas will sell at Public Auction, on

**MONDAY, JUNE 19, 1916**

(County Court Day) at about one o'clock, at the Court House door in Mt. Sterling, Ky., the Slate Creek Farm of the late Samuel Greenwade.

The farm contains about 150 to 160 acres, and is sold subject to survey. It is all in grass, save about six acres. It has a small new tenant house, a tobacco barn, and stock barn. It will be sold for ONE-THIRD cash, ONE-THIRD in one year, ONE-THIRD in two years, with interest on the deferred payments, and lien on the land to secure same. The grass land will not be grazed before sale, and possession of same will be delivered at once to purchaser when terms of sale are complied with. Further details will be given at time of sale.

This is one of the best grazing farms in Montgomery County. Much of it is good for tobacco, and about 25 or 30 acres is Slate Creek bottom land.

## SYSTEMATIZE

Your household expenses by opening a bank account for your wife. Give her a check book and teach her the use of it. Pay the butcher, the grocer, the baker, with a check. Then at the end of the month you'll find out just how much it costs you to run the home. When payment by check is made there never is any doubt as to whether or not a bill is paid. The check is a receipt.

Besides, a checking account will give your wife a business education. The number of ordinarily bright women who know absolutely nothing of banking is surprising. If you are a husband, father, brother, you cannot tell when death may overtake you, and it is well that your wife, daughter and sister know something of banking.

### IN MEMORIAM

JUDGE JOHN E. COOPER

Were he living, Judge John E. Cooper would have been eighty years of age last Sunday, having been born in Magoffin county, Kentucky, June 4, 1836. That the memory of the departed jurist, of whom the above is an excellent likeness, may be kept green among the people whom he served so faithfully and well and in the hope that his successful life may be an inspiration to young men of industry, character and worth, we take this means of paying tribute to him who was our friend in life and whom we honor in death.

Judge Cooper received his early education in the common schools of his county, spent two years at Transylvania University, Lexington, Ky., working for his tuition, then studied law at West Liberty, Ky., and was admitted to the bar in 1859. On January 18th, of the same year, he married Miss Margaret S. Turner, who, with two children—a son and daughter—survive him.

In 1860 he was appointed Deputy U. S. Marshal to take census of Rowan county, Ky. In the War of the Rebellion he was a Confederate soldier, being a member of Co. A, 5th Ky. Infantry, and later a member of Co. B, 1st Ky. Mounted Riflemen. At the conclusion of the war he entered actively into the practice of law at West Liberty. In 1871 he was the Democratic nominee for the Senate in the Thirty-fourth Senatorial District, and was elected by an increased majority. Again, in 1884, was the nominee for his party for Circuit Judge in the Thirteenth Judicial District, to fill out the unexpired term of two years, caused by the resignation of Judge Robert Riddell. In 1886 was re-elected Circuit Judge in same district, for the full term of six years. During this term the district was so changed by constitutional enactment as to place him in the Twenty-first Judicial District. In 1892 he was again the nominee of the Democratic party in the new judicial district, and was elected for the term of five years. In 1897 he was renominated, and re-elected by an overwhelming majority, voluntarily retiring on the first Monday in January, 1904. The remainder of his life was devoted to the practice of his profession, his death occurring at Hot Springs, Ark., December 27, 1907.

Judge Cooper was a self-made man of rugged constitution, strong convictions and an indefatigable worker. As Judge he presided at the trial of many noted criminal cases and during the times when to do so he took his life in his own hands. Lawyers who make a study of such things say he was reversed in fewer cases than any other Judge in the state and whether acting as public-spiritedness, fairness and high moral courage.

soldier, Judge, lawyer or citizen he was always noted for his

## DEMOCRATIC PLATFORM CHAMPIONS WILSON

The platform adopted by the Democratic State Convention follows:

"The Democracy of Kentucky, in convention assembled, rejoices over the unchallenged and unprecedented prosperity of the American nation. While more than half the peoples of the world are engaged in the most terrible war in the history of mankind, we of America are at peace. Fully appreciative of this dual blessing, priceless peace and bounteous prosperity, the Democracy of Kentucky at the outset does hereby gratefully express its boundless gratitude to the one citizen of America whose superb statesmanship and matchless leadership have been responsible for this condition—Woodrow Wilson, President of the United States.

"We hereby reaffirm our historic allegiance to the teachings and tenets of our party and pledge again our unfaltering support to the progressive principles and policies of President Woodrow Wilson.

#### Re-Election Urged

"We heartily commend and enthusiastically endorse his masterly conduct of the affairs of the republic, both foreign and domestic. Under the inspiration of his incomparable leadership, we call upon the patriotic citizens of Kentucky to unite with us in our efforts in behalf of the re-election of President Wilson so that the era of progressive administration and legislation ushered into our national life by the President may continue.

"We commend the spirit of true, lofty Americanism in thought and deed characterizing the President's course in dealing with the grave international issues which have confronted us. No President in the history of our nation has ever been called upon to meet problems so grave and difficulties so stupendous and questions of such great moment, in maintaining American integrity and honor in our relations with other nations of the world. Nevertheless, amid false accusations and harsh criticisms, from sources lacking in comprehensive vision or conception of our true duties and rights as a neutral nation, he has maintained for our country an unwavering position of honorable neutrality, devoid of sacrifices to the prejudices of men upon the one hand and sacrifices of American rights upon the other. We congratulate the American people that we have his clearness of mind, steadfastness of purpose and courageous insistence upon the highest national ideals to guide our policies through this great crisis. We assert that it is the manifest duty of American citizens to uphold and support the President in his work, and we hold that a change in the National Administration at this juncture would be nothing short of an invitation to disaster. Therefore, we voice the unanimous demand of the Democracy of Kentucky for the renomination of the President by the Democratic National Convention at St. Louis, and do hereby instruct our delegation in the national convention to vote for and support his renomination, and to vote as a unit on all matters coming before said convention.

"We enthusiastically and unreservedly commend the foreign policy of the President and give our sincere approval to the notable achievements of his administration in the field of international diplomacy.

"First—We direct attention particularly to his distinguished success in maintaining American neutrality in the face of seemingly insuperable obstacles and at the same time preserving the peace of the nation, insuring the prosperity and security of the American people.

the acknowledgment of American rights, and of all neutral rights, even amid an orgy of destruction, without parallel in the world's history. He has forced universal acknowledgment of the principle that human life has a claim upon civilization superior to military necessity; and that civilized nations in an enlightened age must hold unjustified any mode of warfare when conducted so as to place in jeopardy the lives of innocent neutrals and noncombatants.

"Third—His wise and patriotic course toward our distracted sister Republic of Mexico. By declining to place a premium upon murder and treachery in refusing recognition of the unspeakable Huerta and by remaining sternly deaf alike to the abuse and pleading of those seeking to turn the power of the United States to private uses, he has adhered to a policy based upon the Democratic doctrine that the people of all nations have an inherent right to settle by and for themselves internal governmental problems. We applaud his prompt and vigorous action in the use of the army of the United States for the apprehension and punishment of the perpetrators of the massacre at Columbus, N. M., and we express our confidence in his wisdom and foresight in dealing with the Mexican problem, declaring our belief that his policy will ultimately result in adequate redress for American wrongs inflicted by irresponsible bandits and in the restoration of peace and order in the republic.

#### Monroe Doctrine.

"Fourth—His maintenance of the Monroe Doctrine and his consistent policy of fair dealing with all our sister republics in the Western Hemisphere. In the field of domestic endeavor we believe that no National Administration has ever made an equal record of progress and reform. We commend the multitude of splendid legislative achievements brought about by a Democratic Congress under the leadership of the President during the last three years.

"We commend the practical and efficient action of Congress which, though dedicating America to the cause of peace, assures without excessive military burdens or conscription, immediate expansion of our armed forces so as to provide adequate means of military defense against foreign aggressors.

"We commend the Federal Reserve act, which has forever freed American business from financial panics and established permanently a democracy of credit. In striking contrast to the crude and vicious banking system, developed and fostered under Republican regimes, productive of periodical financial disaster, the present law has carried our national business life through a period of depression produced by world war into an era of unexampled prosperity.

"We direct special attention to the fearless endorsement of anti-trust laws and the enactment of legislation for the complete eradication of monopoly and the restoration of competitive methods of trade in accordance with the pledges of the Democratic party.

"We express our gratification that the Underwood Tariff act, substituted for the infamous Payne-Aldrich law, has demonstrated the wisdom and statesmanship of the Democratic Congress framing it. We especially approve the income tax system, which places the burden of taxation upon those best able to bear it, in complete accord with traditional Democratic doctrine.

"We call attention to the elimination of 'invisible government' at Washington, resulting through fearless exposures in investigations

#### Trade Commission.

"We invite the attention of business men to the successful operation of a Federal Trade Commission, established by a Democratic Congress, thereby providing a governmental agency for guiding and promoting our broad and growing commercial relations.

"We urge the prompt enactment of the pending legislative programme recommended by the President and conceived with the same patriotic purpose characterizing his entire administration. We particularly endorse the following measures:

"The Ship Purchase Bill, which offers the only feasible plan for the creation of an American merchant marine for the carriage of American products to the eager markets of the world.

"The nonpartisan Tariff Commission Bill, whereby American interests may be conserved against any emergency following the European war.

"The Rural Credits Bill, which will insure a market for the sound securities of American farms and enable the farmer to obtain credit on fair and reasonable terms. We are heartily in favor of Government aid to the States in the construction of good roads.

"The Democratic party has earned the continued confidence of the American people, because it has made good its pledges. It awaits the further opportunity to serve them, and gives assurances that if the affairs of the Government are continued in its charge that it will favor full and adequate preparation for national defense, the maintenance without abatement or compromise of the rights of American citizens under international law, the establishment of the closest relation of amity and mutual helpfulness between the United States and other republics of the Western Hemisphere for the maintenance of peace and the promotion of the prosperity of the two continents.

#### Constructive Measures.

"We further recommend all such measures of constructive or remedial legislation as may be necessary and adequate for the creation of better conditions or better facilities, for the promotion of business enterprise, for the removal of unfair conditions of competition, either in the United States or in the dealings of America with foreign competitors, and for the increase of scientific efficiency in industrial and commercial undertakings.

"The scrupulous conservation of the national resources of the United States by provisions of law which do not prevent their use, but which do prevent their waste or monopolization.

"The most rigid economy in all expenditures for the support of the Government consistent with wise and efficient administration, and to that end we favor standardization and uniformity of expenditure

established and waste and duplication in the public service avoided.

"We heartily commend the record, achievements and conduct of our Democratic Senators and Representatives in Congress.

"We heartily commend and endorse the present Democratic State administration under the leadership of Gov. Stanley, for its fidelity to the promises made, to the people in advance of its election, and point with pardonable pride to the pertinent fact that its every promise has been fulfilled and all of its pledges redeemed within six months following its election. We heartily commend and endorse the faithfulness and efficiency of the last General Assembly in its co-operation with the executive force of the Commonwealth in carrying out the pledges of the party platform adopted by the Democratic State Convention of last year.

"We reaffirm our allegiance and devotion to the Democratic platform adopted at Louisville, Ky., August 31, 1915, and to the principles therein enunciated."

## Nerves Control and Regulate Tissues and Organs

As the nerves control and regulate all of the tissues and organs of the body, it must be evident that any disease could be caused by impingement of nerves at the spine. Thus Chiropractic has the broadest possible range of application. Conditions in the stomach, kidneys, liver and bowels, heart, etc., all yield to Chiropractic adjustments. It will be recalled that the five senses are dependent on the nerves. Thus any disease or derangement of the special senses, such as deafness, can be reached and corrected through Chiropractic adjustments. Conditions where the nerves themselves are the greatest sufferers from pressure, such as paralysis and sciatica, also yield to Chiropractic adjustments. In short, there are few conditions that, if taken in time, cannot be permanently corrected in the same manner.—Adv.

These Enterprising Business Men are giving away to the boy or girl getting the most votes one of those Popular Pony Outfits, consisting of a Shetland Pony, Vehicle and Harness. The merchants whose names are mentioned in this announcement will give out votes for all money received—one vote for every penny—one hundred votes for each dollar spent with them or paid on account. The child's name is written on these coupon votes and deposited in a sealed ballot box. No one knows who the lucky child is until the votes are counted at the end of the contest. No employee or member of merchant's family will register.

Everything in connection with this contest is fair and above board. As an appreciation of past patronage and a bid for more this contest is being made and in order that the trade advantages of Mt. Sterling may be better exploited. Remember in payment of account you can vote for your favorite—one vote for every penny you pay.

By special agreement The Advocate will give 500 votes on every new subscription or renewal.

## The Most Saleable Shoe in America

Comparatively it is a simple matter to manufacture a shoe. But it is another matter to make that shoe highly saleable. Machinery can't do it, and merely giving the shoe a name can't do it.

2nd.—Knowing how to give it to them in a shoe of superior value. That is not all.

It means winning a reputation for the shoe—sending a message for its desirability into every home, making its name stand forth in every woman's mind, for what she wants in footwear.

Wouldn't it be a good idea to at least investigate the

"Red Cross Shoe?"

It will cost you nothing to look.

## EXPORT CATTLE SALES

Export cattle sales have begun here and are selling at extremely high prices, in fact much higher than in many years, and at the prices paid—steak will be so high in a few weeks that it will cost a dollar a bite. A Philadelphian was here last week and secured about 473 cattle, that are the pick of the county. He secured 92 1,450-pound steers from Colonel Gatewood at 9 cents per pound; from F. P. Boyd 83 cattle averaging 1,450 pounds, at 9 1/4 cents per pound; from H. R. Prewitt 54 1,450-pound steers at 9 1/4 cents; from A. B. Rathiff, 54 1,500-pound cattle at 9 1/4 cents, and from Robert C. Gatewood 190 1,500-pound cattle for which he paid \$9.35 per hundred. All of these cattle will go in July and August. These prices this early would seem to indicate that fancy steers will reach the ten dollar mark in this county.

## WE "DO" TODAY AND

## FORGET TOMORROW

The American people have one distinct and besetting peculiarity. They think today and forget tomorrow. In this respect they probably are unlike any other nation of people on the face of the globe. To demonstrate the force of this statement you have but to glance at the pages of any of the great papers of the country. A sensation will be sprung today and it will be blazoned in big type over the first pages of the press. Unless its importance is of tremendous magnitude tomorrow will find it relegated to an obscure corner of the paper. It is forgotten. About the only exception to this rule is the newspaper story that is reeking and slimy with scandal. It holds the public eye and is played up to the limit.

Preparedness is just now the great and overshadowing question before the American people. Everybody is talking about it, either for or against. A few months ago monster peace parades were held in the large cities, and war and preparedness against war were denounced on every hand. Today you can find scarcely a man who can tell you even the month in which one of those parades was held. They have been forgotten. A few weeks ago New York City held a monster preparedness parade, in which 145,000 people participated. Chicago immediately followed suit with one of the greatest parades in the history of this country, all in the interest of preparedness. Other cities, large and small, all over the country caught the fever and paraded for preparedness. Governors proclaimed June 3 as Preparedness Day, and everybody marched and shouted for preparedness. But these, too, will be forgotten, for it is the way of the American people to do today and forget tomorrow.

The red tongues of flame sweep over a town and destroy a good section of territory. Thousands and thousands of dollars are swept away and the people rave and storm over the lack of adequate protection from loss by fire. The tumult of indignation is at fever heat for a few days, and then begins to subside. Time only is needed, to send it, too, into the realm of forgetfulness, until the next fire comes along and creates even greater devastation and death. It is easy to forget.

Some one arises in a public meeting and proposes a practical scheme for development of the commercial interests of the community. He is sincere and eager to do something for the benefit of his home town. He believes in progressiveness. His scheme looks good and sounds better to other business men and citizens and everybody begins to talk in its favor. The editor backs it up in his columns and for a few weeks it is the general topic of conversation. No forceful leader seems to be at hand, and the rest of us are too engrossed in our private affairs to assume the duties and responsibilities of leadership. Time does the rest, and a practical forward movement is bogged in the mire of forgetfulness.

We might go on for hours citing similar instances, for they are legion in number and local in application. But what's the use? You, too, would read and ponder and exclaim today—and forget tomorrow. It is our way. Americans are a great people and they perform prodigies in the commercial, inventive and intellectual world. No obstacle is too great for them to surmount, if time will only permit them to forget. But time is inexorable in its flight, and forgetfulness follows in the wake of American time.

What a useless loafer and thief a rat is! How we all fight him! And how well he prospers in spite of tremendous opposition!

The fool who thinks but little may make wise men think a lot.

## BECKHAM TAKES THE CORRECT POSITION

Senator Beckham gave out an interview in which he declared that he would not ask the Lexington convention to name him as one of the delegates from the State at large to the St. Louis convention. He gave as his reason that the party had honored him enough in electing him United States Senator, and he thought some Democrat in the ranks who had fought the battles of the party should be sent instead of him. Senator Beckham's position is the one the News has always taken. If you want to strengthen the party the honors should be passed around, as far as they will go, and not be hogged by a few men. The editor of the News has never had aspirations to go as a delegate to a National Convention and would not have gone to the one at St. Louis, which is merely to ratify the nomination of Wilson. There are, however, hundreds of better men and better Democrats than the editor of the News, who have worked in every

election for twenty or thirty years, but have never been recognized with a position, even without pay. There is coming a time when such men are going to quit. They are going to let the fellows who get all the salaries and hog all the honors do the party work, and when that time comes the Democratic politicians in Kentucky are going to cut a sorry figure. As far as the News is concerned, it is never going to make a fight for a politician unless there is a principle involved which means something to the public. We have found politicians, like Republicans, ungrateful.—Elizabethtown News.

Wonder how that one lonely preacher who prayed thanks to God for prohibition in so many states in the Democratic state convention at Lexington ever got past the door-keeper? —Owensboro Messenger.

The man with money never lacks for friends. But, then, some of them have more love for the money than for the man.

## ENAMELS STAY CLEAN

Enameled cupboards and pantry shelves clean as easily as a porcelain plate. They are always sanitary. An occasional wiping with a damp cloth keeps them spotlessly white. The smooth, hard surface of enamel simply offers no foothold for dirt.

## ACME QUALITY ENAMELS

produce genuine enameled finishes. They are easy to apply—simply brushed on like paint—and they are inexpensive. Call at our store and let us show you how you can secure a genuine enameled finish on your ice chest, refrigerator, kitchen cabinet, cupboard and pantry shelves, or even your entire kitchen.

For a genuine enamel finish on furniture, woodwork, metal, window casings, walls, or any surface about the home, use Acme Quality Enamels.

## Life's a Game

Life's a game, and we are all players in it, to paraphrase Shakespeare. And the best two cards in any hand are illustrated below—

## The Inner Secret of New Post Toasties

A glance at one of these new corn flakes reveals novel, little bubbles which are raised by the quick, intense heat of a new process of manufacture.

These bubbles are an identifying feature of these—the only corn flakes with a self-developed, delicious corn flavour—the only flakes that do not have to depend largely on cream and sugar for palatability.

Try some of the New Toasties dry—they're good that way—the children munch them like candy. But of course the delicious new flavour is more pronounced when the flakes are served with sugar and cream.

The New Post Toasties do not waste into "chaff" in the package, and they don't mush down in cream like other flakes. They're a vast improvement over old-fashioned corn flakes and have met with enthusiastic approval everywhere.

That the large cities are now AWAKE TO THE VALUE OF A REDPATH CHAUTAUQUA, in turn, but emphasizes the Chautauqua's importance to the smaller city.

Season tickets for the forthcoming Chautauqua in this city are now on sale with the local auspices at \$2.50 each. After the opening day the price advances to \$3.00.

# Why Not Face the Facts About Armor Competition?

## To the People:

The policy of the United States Government for many years has made real competition in armor-making ineffective.

The Government might have asked the three armor plants for bids and let the entire tonnage to the lowest bidder. That would have made competition effective.

The result of such a course would have been to drive two of the three manufacturers out of business, and leave the country with facilities of only one plant in time of need.

**The Government in fact has always asked for bids from the three manufacturers, but no matter what the price quoted, each year's business was divided among them.**

Armor makers serve but one customer—the Government, just as a public utility serves but one customer—a community.

The solution of the public utility problem is regulation of rates.

The solution of the armor problem is for the Government to fix the price.

We voluntarily agree to accept any price fixed by the Federal Trade Commission. Isn't acceptance of that offer better than the destruction of an industry built solely to serve the Government?

## BAD NEGRO SHOOTS PEOPLE AT LEXINGTON

Four persons were shot Saturday by Will Pearl, a Chiango negro, at Lexington. Mrs. A. A. Robertson had employed the negro to cut the grass and when he had completed the work he came into the kitchen for his pay, Mrs. Robertson handed him the money and the negro demanded the balance she had in her pocketbook and when she turned and started to run from the kitchen he pulled a pistol and shot her the ball taking effect in her chin. The police were notified and with a posse of citizens entered the home to search for the negro who had been seen to run up stairs, upon entering a room they were met with a fusillade of shots and detective James Stewart and Frank Corbin, a prominent contractor, and W. J. Gildsford were wounded. Detective Stewart, however, returned the fire and wounded the negro twice. While in an extremely nervous condition it is thought that Mrs. Robertson will recover. The condition of detective Stewart is as good as could be expected. The negro is thought to be seriously wounded, the other two men wounded were only slightly injured. It later developed that the negro had

shot a colored woman Friday night when she refused to give him money.
